Board of Directors
Conservation Leadership in the Caribbean (CLIC)
Fellowship program

Dear Sirs and Madams:

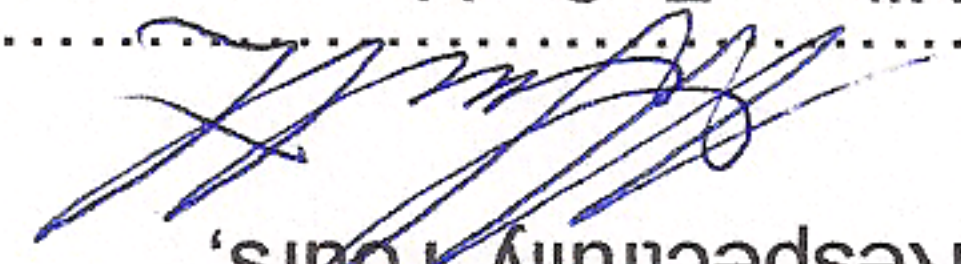

My name is Hilary F. Smith and I am a trained Urban Planner. I am writing to recommend Adrian Watson for the Conservation Leadership in the Caribbean (CLIC) fellowship program.

I have known Mr. Watson since 2014 when we participated in a USAID funded Climate Change Action Training at the University of Technology, Jamaica. Since then I have worked with Adrian in the capacity of a co-facilitator to train community youths in climate change action. Since September 2014 Mr. Watson has been working as one of my Field and Research Assistants in three parishes within Jamaica in participatory slum upgrading as part of a UN Habitat regional programme.

I would recommend Mr. Watson for this fellowship programme because in the time that I have known him he has exhibited a determined, level headed focus that is a testament of his character. He is able to multi-task and takes instructions as well as criticisms very well.

This fellowship would further increase Adrian's capacity and assist in his overall growth; he is young and has a lot to offer both at the local as well as the regional level. I am therefore willing to discuss this recommendation as well as any further matter regarding his candidacy.

Respectfully Yours,

Hilary F. Smith
Urban and Regional Planner
Environmental Policy Analyst
