TO WHOM IT MAY CONCERN

Dear Sir/Madam,

**RE: Recommendation letter for Adrian Watson to  
Conservation Leadership in the Caribbean (CLiC) Fellowship Program**

I am pleased to provide this testimonial for Adrian Watson who I believe will add value to your organization based on his scholastic achievements and personal attributes. In the relatively short period of acquaintance with him (one and a half 1 1/2 years) I have determined him to be very intelligent, industrious, trustworthy and possessing highly superior team player skills among other attributes. His interest in volunteering with the Jamaica Red Cross began with a keen interest in serving in our Emergency Service (Disaster Risk Management) and Youth Departments.

Adrian is very assertive and has made an indelible mark working in various roles since becoming a member of Jamaica Red Cross in October 2013. Some of these roles include:

- Helping the HIV and Youth Department re-launch the Club 25 (Blood Donor Recruitment) initiative on December 6<sup>th</sup>, 2013,
- Vulnerability Capacity Assessment Facilitator - November 26-29<sup>th</sup>, 2013
- Integrated Programming Assessment Facilitator - October 2014
- Resilience in the Americas (RITA) Volunteer October 2014 to present
- Self-Advocacy Trainer for persons with Intellectual Disabilities October 2014
- Youth Representative in the Organizational Capacity Assessment and Certification Self-assessment July 2014
- Youth Member/Volunteer Representative Cooperation Agreement Strategy December 2014

A Part of the International Red Cross & Red Crescent Movement

I reiterate that I unhesitatingly recommend Adrian Watson for a place in Conservation Leadership in the Caribbean (CLiC) Fellowship Program. He demonstrates a high level of professionalism as he volunteers with the Jamaica Red Cross eschewing his passion for Environmental Sciences.

Should you need any additional information, please do not hesitate to contact me.

Sincerely,

LOIS HUE (MRS.)  
Deputy Director General,  
Jamaica Red Cross
